

STATE OF MISSISSIPPI,

To E. B. MILLER, the defendant, whose post office address is Carlton, Texas:

You are hereby commanded to appear before the Chancery Court of the Second District of Chickasaw County, Mississippi, at Rules on the second Monday of

July, 1920, to defend the suit in said court of C. H. McInnis, wherein you are the principal defendant, which suit is seeking to subject funds in the possession of the Okolona Banking Company, said funds being proceeds of a draft in your favor and against C. H. McInnis on

account of the sale of a car load of corn by you to McInnis. The said McInnis claims damages against you for the reason you failed to ship, the number of cars of corn you agreed to ship, and has attached the funds in the hands of the Okolona Banking Company to hold them to await the judgment of the court in the suit in the above styled cause all of which will more particularly appear from reference to the Bill on file in said Court.

This the 18th day of June, 1920.

John Clifton Williams, Clerk.

"How I Cleared the Mill of Rats," By J. Tucker, R. I.

"As night watchman believe I have seen more rats than any man. Dogs wouldn't dare go near them. Got a \$1.00 pkg. of RAT-SNAP, inside of 6 weeks cleared them all out. Killed them by the score every night. Guess the rest were scared away. I'll never be without RAT-SNAP." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Bell and Buchanan, druggists.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire comes back.

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year.

Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results:

Millers now excel all rivals, both in average and in uniform mileage.

Miller treads outwear rival treads by 25 per cent on the average.

Miller Cords average 15,000 miles—Miller Fabrics from 8,000 to 9,000 miles—in rear-wheel tests under extreme conditions.

You will gain a new idea of modern tires when you test a new-type Miller. Get one now and watch it. The super-service of the Miller Tire is now everywhere discussed.

Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cog in dirt.

What Is a Station to Station Long Distance Call?

ON station to station calls the person originating the call does not specify a particular person to be reached, but gives only the number of the telephone called or the name or address under which the telephone is listed.

The station to station rate is, and properly so, less than the rate for the person to person call. The company can, unless through its own fault, always reach any station desired connected with its system, while it cannot guarantee that any particular person desired will be at the station to talk.

Therefore, a station to station call represents a minimum effort and cost to the company in establishing a telephonic communication between any two stations at distant points, and it is both logical and right that this rate should be relatively lower than when the company must do other things at the request of the patron, such as not only getting a station connection, but also locating and getting a particular person to the telephone.

The evening rate on station to station calls made between 8:30 and 12:00 midnight is one-half the day rate. The night rate on station to station calls made between 12:00 midnight and 4:30 a. m. is one-fourth the day rate.

Report charges are not made on station to station calls.

If there is anything about our rates and practices you do not understand, call the business office and we will be glad to explain the whole details to you.
